**Topical Essential Questions:**

- **Border Culture**

What are the facets of biculturalism that make the culture of the border distinct from either of its contributing countries?"

- **Border Persona**

How does the process of assimilation and acculturation impact the persona of border resident typologies?

- **History and border formation**

In what ways has the shared history of the borderlands both united and separated the people and cultures on both sides?

- **Governments**

In what ways are the border governments similar and different and how is shared public policy determined or not?

- **Trade**

What is the influence of the significant bi-national amount of trade, both legal and illegal, on the border culture, people and economy?
