My sister just had a baby girl, she very beautiful!...Well the reason i'm writting to you is that i'm still going to school, but i'm taking my classes here in Tucson now. **I was wondering if you could send me the outline for the Position Papers and may an example of a paper. I think it would be a great help using that format. It always helped me when I used it in high school for your class and my other classes.** Please let me know if you can do this.
